

## Award Conditions

### Receipt of financial aid awards requires your review of the following conditions:

- I agree to notify TCU of any aid received from sources outside of the university. (You may do so by going to "Financial Aid Home" and clicking on the "Update Outside Aid" button). I understand that this type of aid may affect my TCU financial aid package.
- I understand that renewal of my financial aid is contingent upon meeting criteria set forth in the Financial Aid Statement of:

- I understand that the application deadline for next year is May 1 and that applications received by TCU after this date will not receive full funding.
- I understand that if my file is selected for verification, my awards may be changed based on the results of that process.
- I have reviewed the renewal requirements for each award offered to me. For specific renewal requirements, please go to "View My Financial Aid" and select the award name.
- I have reviewed the aid adjustment policy and understand that the following conditions could change my eligibility for aid:

- I understand that I may receive up to 8 semesters of TCU funded awards, 6 semesters if a transfer student. Students in a major that requires 125 or more credit hours (as defined in the TCU Undergraduate Catalog) may request an additional semester of funding.
